Mountain Weather Forecast

Mourne Mountains

Forecast valid from 06:00 on Saturday 27 Mar 2021 until 23:59 on Sunday 28 Mar 2021

Forecast Issued on Saturday 27 Mar 2021 at 03:19

Confidence: High for cold, bright start Saturday giving way to milder conditions with periods of rain through into midweek, although some uncertainty over duration and intensity of rain due to doubts over position of a slow moving frontal system over northern UK.

Headline for Saturday 27 Mar 2021: Cold bright morning but cloudier, milder afternoon with rain and strengthening winds later.

Mountain weather hazards on Saturday 27 Mar 2021

Forecast for Saturday 27 Mar 2021

Weather: A dry morning with some good spells of sunshine, although cloud above the summits increases towards midday with outbreaks of rain, preceded briefly by some sleet or snow on summits, spreading east from mid-afternoon. Cloudy with outbreaks of occasionally heavy rain in the evening.

Chance of cloud free mountain/hill tops above 700m: Around 90% until mid-afternoon but chances fall to near zero through the late afternoon and evening.

Visibility: Just small amounts of cloud below the summits until mid-afternoon then cloud becoming periods or persistent above 450-600m with patches below this through the late afternoon and evening. Away from cloud, visibility very good or excellent falling to just a few kilometres in light snow showers and heavy rain.
